SPEEGO VEHICLES CO. PVT. LIMITED is one of the India's largest E-Vehicle company with a Pan India presence. SPEEGO VEHICLES introduced the Special purpose Vehicle for last Mile Connectivity : E-Rickshaw the SPEEGO, MORNI & for distribution & loading purpose: E-Cart the SPEEGO-CR. India's first indigenously developed Electric Vehicle which changed the Indian Electric Vehicle market significantly both in volume and character. Today SPEEGO VEHICLES has a wide range of E Vehicles & Now in 2019 SPEEGO VEHICLES has decided to Introduce Electric Scooty in India.

VISION With the strong foundation of its rich heritage and the E-Vehicle range successful growth story, SPEEGO VEHICLES is ready to achieve new heights in its business volume through many more E-Vehicles products lined up to be offered in near future.
To be the no. 1 and the most efficient player with World - class quality and technology leadership in the E-Vehicle commercial category offering transportation solution for specific customer needs.

MISSION

- Always innovate for a better tomorrow.
- Low cost of manufacture.
- Highly sustainable growth.
- Sustainable domestic & global competition.

OBJECTIVE

- To further consolidate Speego position as a leading supplier.
- To grow its engineering capabilities by providing turnkey solutions to the cutomers
- To diversify across the electric vehicle business to become a leading player in battery operated vehicles in the country.
- To establish a strong product and service brand in the domestic and international market.

“MORNI which was one of the most selling brands in 2012-2017 is back with an upgraded Deluxe version known as MORNI-DLX to further re-define the history”

“Based on the success story of SPEEGO in 2015-2019 we have upgraded the new look Sports Model known as SPEEGO-DLX STEEL”
